NATURA ACQUIRES GREEN THINGS INTERIORSCAPES

National Leader in Interiorscapes Acquires Corpus Christi based Green Things Interiorscapes to Increase Presence in the Coastal Bend

SAN ANTONIO, TX — Texas based interior landscape company, Natura, is pleased to announce the acquisition of Green Things Interiorscapes, a Corpus Christi Texas based interior plant design and service company operating in the Coastal Bend.

“This is a strategic acquisition enabling us to increase our presence to better serve our existing client base and the opportunity to grow throughout the rapidly expanding Coastal Bend market.” said Mike Senneff, Natura Founder & CEO.

Green Things has been operated by Albert Kollaja since 2011. *“I entered into the interior landscape business because of my interest in the beauty and benefits plants offer and the enjoyment of bringing plants indoors.”* said Albert Kollaja.

“I have thoroughly enjoyed serving our clients and did not take the selection of a successor lightly. The decision to sell to Natura will provide a wider spectrum of service and be great for our customers and all who enjoy the many benefits their service offers.” Said Albert Kollaja.

Josh Senneff, President of Natura stated, *“We are pleased to have the opportunity to expand our presence in the Coastal Bend market and honored to serve the Green Things clients who recognize the importance that plants play in our lives and places we work.”*

Natura, formerly Plant Interscapes, has been in business for 36 years employing over 100 full-time staff with operations in all major Texas markets. The organization services more than 3,500 customers through multiple business channels including indoor plants, outdoor plants, greenwall systems and holiday decor.
